

BRITISH CARRIER BRINGS CAPTIVES TO VANCOUVER: Docking at Vancouver Thursday, the big British aircraft carrier, Implacable, landed 2,227 liberated British war prisoners. They are moving by rail across Canada to debark at the east coast for home. Ships at Vancouver joined with thousands of citizens in roaring out a welcome to the 23,000-ton "flat-top" and its big draft of repatriated Britons.—(Canadian Army Photo.)
